

Municipality of 's-Hertogenbosch chooses Unit4 ERPx

's-Hertogenbosch

The municipality of 's-Hertogenbosch has chosen Unit4's ERPx solution. They were looking for a system to support their financial management. The most important requirement was that the system should provide reliable and up-to-date data, which could be used for optimal management and accountability. It must provide both financial and non-financial employees of the municipality of 's-Hertogenbosch with support in the lawful, correct, and complete execution of their work. During the tender process, it became clear that Unit4 could meet all the key requirements so a cooperation contract was concluded for at least four years.

Renewal and improvement

In this tender process, the municipality of 's-Hertogenbosch was looking for a SaaS solution that works with a standardized model for local governments but offers the flexibility to future-proof the municipality. The Microsoft Azure-based foundations, as well as Unit4's strategy regarding SaaS and partnering, are essential for their organization. Unit4's solution, ERPx, enables the municipality of 's-Hertogenbosch to create greater unity in its finances. This ensures faster handling of processes, better budget management, and more

insight into the financial status. All this enables all employees to do their jobs better.

What distinguishes Unit4

During the tender process, Unit4 stood out thanks to its partner-oriented approach, professional attitude, and the demo sessions it offered the municipality. These painted a clear picture of the possibilities offered by ERPx and what the municipality could expect after implementation.

"We are extremely proud to be partnering with a fine municipality like 's-Hertogenbosch in the coming years," said Wilfried Teunissen, Public Sector Sales Manager at Unit4. "With good teamwork, an appropriate attitude, and our sharp and clear vision of the future of SaaS, we managed to convince the municipality that we are the ideal partner for them. We look forward to supporting the officials of the municipality of 's-Hertogenbosch in an innovative and modern financial policy."
