Many recognizable organizations across the globe agree that Unit4 solutions empower them to focus on their important work- their mission. This includes organizations like Americares - a global nonprofit organization that addresses poverty, disasters, or crises with medicine, medical supplies and health programs. Unit4 works with over 400 nonprofits globally.

Underpinned by

- Industry specific workflows
- Pre-packaged integrations with common apps
- AI driven automation - optimized for Nonprofits
- Optimized user experiences

The power of our platform has allowed us to build a mesh of automated processes, enhanced user experiences, and out-of-the-box integrations with the most relevant industry applications. It enables nonprofits to build their own seamless connections in a matter of days instead of months. As a result, ERPx can quickly integrate with your existing technology.
